SKILLS

Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, jQuery, Tailwind CSS
Back-End & Databases: Node.js, Express.js, PostgreSQL, MongoDB, MySQL
APIs, Tools & Cloud: REST APIs, Insomnia, Postman, Firebase, JWT, Redux Toolkit
Version Control & Collaboration: Git, GitHub

EXPERIENCE

Freelance Web Developer │ WordPress Blog Redesign
- Improved the user experience of a WordPress blog by optimising navigation, design and layout, leading to a more user-friendly interface.
- Enhanced site performance by reducing load times by approximately 15% through the implementation of lazy loading for images, converting images to WebP format, and integrating a plugin to minify CSS and JavaScript files, improving both speed and user experience.
- Collaborated with the blog owner to identify key design issues and implement changes that resulted in improved visitor engagement and decreasing bounce back rate by 5%.

PROJECT

Real Estate Marketplace (MERN Stack)
Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT, Redux Toolkit,Firebase,Tailwind CSS,
- Developed full-stack features for property search, filtering, and user management.
- Implemented secure user authentication and role-based access control using JWT.
- Optimised state management and streamlined API requests with Redux Toolkit.

React E-Commerce Application
Tech Stack: React, CSS, Bootstrap, RESTful API
- Developed a fully functional e-commerce platform with dynamic product listings, shopping cart functionality, and secure checkout processes.
- Engineered reusable React components, improving scalability and reducing code duplication by 20%, streamlining product display, authentication, and cart management.
- Integrated REST API for real-time product fetching and user authentication.
- Enhanced user experience by creating responsive layouts using Bootstrap.

Real-Time Chat Application
Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT,Firebase ,Material-UI
- Implemented real-time messaging using Firebase Realtime Database, ensuring seamless communication across devices.
- Designed an interactive UI using Material-UI for a smooth user experience.
- Integrated Firebase Authentication for secure user login and account management.
